

# **Custom Systems Program**

**Muscatine  
Power and Water**

**MP&W's Custom Program helps customers reduce annual energy consumption**

## *What projects qualify for the program?*

This program was designed to provide cash incentives to customers for “thinking outside the box” when it comes to saving energy. Custom rebates are offered on a variety of high efficiency measures including, but not limited to:

- Compressed-Air System Upgrades
- Lighting System Upgrades and Controls
- Energy Management Control Systems
- Process Equipment
- Large Motors and VFDs (greater than 200 HP)
- Pumping System Improvements
- Motor System Optimization
- HVAC Upgrades
- White Roofs
- Heat Recovery Systems

**A**t Muscatine Power and Water we are dedicated to helping our customer/owners meet their energy needs by increasing the efficiency of their equipment. The Nonresidential Custom Systems Program is for customer/owners installing high efficiency equipment in new or existing buildings. This program was created for projects that typically do not fit well in other rebate programs. The Custom Program helps customers reduce annual energy consumption by implementing/installing energy-efficient equipment. The program offers cash incentives to buy down a portion of the higher incremental cost of high efficiency equipment/systems.

## *How do you get started?*

### Step 1:

1. Customer contacts MP&W's Energy Services Advisor at 262-3354 or submits Project Pre-Approval application.
2. A meeting is scheduled between customer and MP&W's Energy Services Advisor to review the project.
3. A technical review of the project is submitted to MP&W or is performed by MP&W.
4. Preliminary incentive is determined and customer is notified by MP&W.

### Step 2:

1. Customer accepts incentive and decides to move forward with the project.
2. If necessary, pre-installation verification/metering is scheduled. If required, the technical review is modified and incentive is adjusted.
3. Form rebate approval amount is given to customer.
4. Project is implemented.

### Step 3:

1. Customer submits verification forms and invoices to MP&W.
2. MP&W's Energy Services Advisor contacts customer to schedule site verification. Any measurement or verification work is performed at this time (metering)
3. Rebate check is issued and delivered to the customer!

## Nonresidential Custom Program Pre-Approval Application Form

**PLEASE READ TERMS AND CONDITIONS BELOW BEFORE COMPLETING APPLICATION**

Name \_\_\_\_\_ MP&W Account # \_\_\_\_\_

Mailing Address \_\_\_\_\_, IA Zip \_\_\_\_\_ Phone \_\_\_\_\_

Service Address (if different from above) \_\_\_\_\_, IA Zip \_\_\_\_\_

Contact Person \_\_\_\_\_

E-Mail \_\_\_\_\_

### Facility Information

**Facility Hours of Operation** (please circle a.m. or p.m.)

Monday - Friday \_\_\_\_\_ a.m./p.m. to \_\_\_\_\_ a.m./p.m.

Saturday \_\_\_\_\_ a.m./p.m. to \_\_\_\_\_ a.m./p.m.

Sunday \_\_\_\_\_ a.m./p.m. to \_\_\_\_\_ a.m./p.m.

**Equipment Hours of Operation** (please circle a.m. or p.m.)

Monday - Friday \_\_\_\_\_ a.m./p.m. to \_\_\_\_\_ a.m./p.m.

Saturday \_\_\_\_\_ a.m./p.m. to \_\_\_\_\_ a.m./p.m.

Sunday \_\_\_\_\_ a.m./p.m. to \_\_\_\_\_ a.m./p.m.

**My signature indicates consent to and agreement with all program terms and conditions, certifies that all information on the application is correct, and the described new equipment or systems have not been purchased or installed at the indicated location. I understand that Muscatine Power and Water reserves the right to inspect and verify installation before and after issuing the rebate payment.**

Signature \_\_\_\_\_ Date \_\_\_\_\_

## *Terms and Conditions*

- Pre-approval required before implementation of projects with potential rebates over \$2,000.
- Minimum of 3,000 annual operating hours required.
- All projects subject to pre/post verification and metering by MP&W.
- MP&W reserves the right to limit or cancel program at any time.
- Rebates will be issued 4-6 weeks after completion of project.
- Rebate will not exceed 50 percent of cost of proposed motor/drive.
- Applicant must be an existing MP&W customer and MP&W must supply the primary source of energy for the proposed equipment.
- In no event shall MP&W be liable for any incidental or consequential damages. Customer is responsible for the installation and operation of equipment/system.
- Projects must comply with all local, state, and federal codes, standards, or regulatory requirements.
- All proposed equipment must be new. Used or reconditioned equipment is not eligible.
- MP&W does not guarantee energy or cost savings will result from the implementation of energy-efficient equipment covered by this program.
- MP&W makes no warranties, express or implied, with respect to equipment operations, material, or workmanship. All warranties are between the customer, product manufacturer, and installing contractor.
